Who Killed Christopher Goodman?

Family-Friendly Biking in New Jersey and Eastern Pennsylvania

The alluring yet corrupt STAGS society, where the rich and privileged play fast and loose with the lives of others, is revealed to be terrifyingly global ... Shafeen's father, Prince Aadhish, has had a heart attack and is close to death. Desperately worried, Shafeen and Greer race from STAGS to Rajasthan. But Prince Aadhish is in a coma and unresponsive and they begin to realise that the Prince received a terrible shock, triggered by a decades-old guilty secret. But as Shafeen and Greer attempt to unlock the secret, they come to believe the answer lies with the de Warlencourt ancestor Colonel Montgomery, founder of the T.I.G.E.R. shooting club, which horrifyingly pursued low-caste Indians instead of tigers. It appears that 'Monty' brought the Order of the Stag to India, and the hunts may still be going on... A thrilling next instalment in the STAGS series.

This May End Badly

“The biting hilarity, heartfelt This May End Badly takes your favorite fake dating trope and adds plenty of downright delightful shenanigans that’ll have readers tearing through the pages.”—Emma Lord, New York Times bestselling author of You Have a Match
Pranking mastermind Doe and her motley band of Weston girls are determined to win the century-long war against Winfield Academy before the clock ticks down on their senior year. But when their headmistress announces that The Weston School will merge with its rival the following year, their longtime feud spirals into chaos. To protect the school that has been her safe haven since her parents’ divorce, Doe puts together a plan to prove once and for all that Winfield boys and Weston girls just don’t mix, starting with a direct hit at Three,

Winfield's boy king and her nemesis. In a desperate move to win, Doe strikes a bargain with Three's cousin, Wells: If he fake dates her to get under Three's skin, she'll help him get back his rightful family heirloom from Three. As the pranks escalate, so do her feelings for her fake boyfriend, and Doe spins lie after lie to keep up her end of the deal. But when a teacher long suspected of inappropriate behavior messes with a younger Weston girl, Doe has to decide what's more important: winning a rivalry, or joining forces to protect something far more critical than a prank war legacy. This May End Badly is a story about friendship, falling in love, and crossing pretty much every line presented to you—and how to atone when you do.

Partials

NYT and USA Today bestselling author Jennifer A. Nielsen brings a new dose of adventure and thrills to ancient Rome in the second book of her magical Mark of the Thief trilogy! Nic may have escaped enslavement in the mines outside of Rome, but his troubles are far from over. The Praetor War -- the battle to destroy Rome from within -- is in full force, and Nic is caught in the crossfire. The secretive Praetors are determined to unlock a powerful amulet -- one sure to bring the empire to its knees. Worse, the Praetors believe Nic holds the key to finding this amulet, and they will stop at nothing to steal it, even if that means harming the people Nic holds most dear. When the Praetors capture Nic's mother, Nic knows he must do anything to save her. He challenges the Praetors to a chariot race. If he wins, they will release his mother. But if he loses, he must hand over a magic that will certainly bring about the end of Rome as well as his own life.

Can Nic once again harness his magic and gather the strength to defeat his enemies? Or will he lose his mother and bear witness to Rome's destruction?

Allies

In S. J. Kincaid's fast-paced and humorous sci-fi Insignia trilogy, the earth is in the middle of World War III when teen gamer Tom Raines is recruited to train with other young cadets as a pivotal member of the elite combat corps, the Intrastellar Forces. At the Pentagonal Spire's training academy, he makes the best friends of his life—fellow government weapons-in-training Wyatt Enslow, Vik Ashwan, and Yuri Sysevich. In this 47-page prequel novella to the series, budding genius Wyatt Enslow—intensely loyal and hyperintelligent if occasionally, hilariously, socially awkward—takes center stage as S. J. Kincaid reveals Wyatt's life before she found her place, and her own inner strength, among her devoted band of friends at the Spire. Praise for Insignia: \"The characters are real, funny, and memorable. You won't be able to put this book down.\"—Veronica Roth, New York Times bestselling author of Divergent Epic Reads Impulse is a digital imprint with new releases each month.

Their Skeletons Speak

On July 28, 1996, two young men stumbled upon human bones in the shallow water along the shore of the Columbia River near Kennewick, Washington. Was this an unsolved murder? The remnants of some settler's or Native American's unmarked grave? What was the story behind this skeleton? Within weeks, scientific testing yielded astonishing news: the bones were more than 9,000 years old! The skeleton instantly escalated from interesting to extraordinary. He was an individual who could provide firsthand evidence about the arrival of humans in North America. The bones found scattered in the mud acquired a name: Kennewick Man. Authors Sally M. Walker and Douglas W. Owsley take you through the painstaking process of how scientists determined who Kennewick Man was and what his life was like. New research, never-before-seen photos of Kennewick Man's remains, and a lifelike facial reconstruction will introduce you to one of North America's earliest residents. But the story doesn't end there. Walker and Owsley also introduce you to a handful of other Paleoamerican skeletons, exploring their commonalities with Kennewick Man. Together, their voices form a chorus to tell the complex tale of how humans came to North America—if we will only listen.

Red

For fans of The Hunger Games, Battlestar Galactica, and Blade Runner comes the first book in the Partials Sequence, a fast-paced, action-packed, and riveting sci-fi teen series, by acclaimed author Dan Wells. Humanity is all but extinguished after a war with Partials—engineered organic beings identical to humans—has decimated the population. Reduced to only tens of thousands by a weaponized virus to which only a fraction of humanity is immune, the survivors in North America have huddled together on Long Island. But sixteen-year-old Kira is determined to find a solution. As she tries desperately to save what is left of her race, she discovers that the survival of both humans and Partials rests in her attempts to answer questions about the war's origin that she never knew to ask. Playing on our curiosity of and fascination with the complete collapse of civilization, Partials is, at its heart, a story of survival, one that explores the individual narratives and complex relationships of those left behind, both humans and Partials alike—and of the way in

which the concept of what is right and wrong in this world is greatly dependent on one's own point of view. Supports the Common Core State Standards

The Hawthorne Legacy

The revolutionary appeal of Communism in 20th-century Britain is analyzed in this examination of why Communist Party members joined, how they participated in the party's activities, and why, in many cases, they left the party. Archival resources, hundreds of interviews, and sociological analyses document the nature of left-wing activism in Britain from its earliest incarnations to the schisms of the 1980s. The role of Communism in British politics and society is illuminated by discussions of constructions of political authority; the role of gender, generation, and social class; and the significance of political space and mobility in recruitment.

Tempting Danger

Ava, a teenage girl living aboard the male-dominated deep space merchant ship *Parastrata*, faces betrayal, banishment, and death. Taking her fate into her own hands, she flees to the Gyre, a floating continent of garbage and scrap in the Pacific Ocean, in this thrilling, surprising, and thought-provoking debut novel that will appeal to fans of *Across the Universe*, by Beth Revis, and *The Handmaid's Tale*, by Margaret Atwood. Internationally bestselling author Stephanie Perkins called it "\"brilliant, feminist science fiction.\"" Ava is the captain's daughter. This allows her limited freedom and a certain status in the *Parastrata*'s rigid society—but it doesn't mean she can read or write or even withstand the forces of gravity. When Ava learns she is to be traded in marriage to another merchant ship, she hopes for the best. After all, she is the captain's daughter. But instead, betrayal, banishment, and a brush with love and death are her destiny, and

Ava stows away on a mail sloop bound for Earth in order to escape both her past and her future. The gravity almost kills her. Gradually recuperating in a stranger's floating cabin on the Gyre, a huge mass of scrap and garbage in the Pacific Ocean, Ava begins to learn the true meaning of family and home and trust—and she begins to nourish her own strength and soul. This sweeping and harrowing novel explores themes of choice, agency, rebellion, and family, and after a tidal wave destroys the Gyre and all those who live there, ultimately sends its main character on a thrilling journey to Mumbai, the beating heart of Alexandra Duncan's post-climate change Earth. An Andre Norton Award nominee.

Wolf by Wolf

From the author of The Walled City comes a fast-paced and innovative novel that will leave you breathless. Her story begins on a train. The year is 1956, and the Axis powers of the Third Reich and Imperial Japan rule. To commemorate their Great Victory, they host the Axis Tour: an annual motorcycle race across their conjoined continents. The prize? An audience with the highly reclusive Adolf Hitler at the Victor's ball in Tokyo. Yael, a former death camp prisoner, has witnessed too much suffering, and the five wolves tattooed on her arm are a constant reminder of the loved ones she lost. The resistance has given Yael one goal: Win the race and kill Hitler. A survivor of painful human experimentation, Yael has the power to skinshift and must complete her mission by impersonating last year's only female racer, Adele Wolfe. This deception becomes more difficult when Felix, Adele's twin brother, and Luka, her former love interest, enter the race and watch Yael's every move. But as Yael grows closer to the other competitors, can she be as ruthless as she needs to be to avoid discovery and stay true to her mission?
